No. F-31-17-8-28.—The following despatch from the Secretary of State for India in Council, with its enclosure, is published for general information:—

INDIA OFFICE, LONDON,  
25th March 1928.

ACCIDENT.

No. 2

To the COMMISSIONER FOR HINDU HEREDITARY TAX, GOVERNOR GENERAL OF INDIA IN COUNCIL.

My Lord,

In the recent correspondence on the subject of the rate of exchange admissible for assessment of clerical

India Civil Service Family Pension, India Military Service Family Pension, and India Police, Prison, and Magistrate Family Pension, it was proposed to defer taking action to award the rate relating to pension payable under Indian Civil Service Family Pension Rules 1914, the receipt of a notification from Your Excellency's Government, regarding pension payable under the Indian Military Service Family Pension and the Indian Military Widows' and Orphans' Fund Regulations.

I now learn from the Despatch from Your Excellency's Government in the above Department, No. 1, dated 19th January 1928, that Your Excellency's Government agree in the proposal with regard to military and military fund pension included in paragraph 6 of my Financial Despatch No. 21 of 28th May 1927.

I have taken this opportunity not only to make the amendment indicated previously by this despatch, but also to revise the relevant sub-rule No. 27 (4) of the Indian Civil Service Family Pension Rules. It is a simpler form, and I enclose a modified form made in Council offering the necessary changes.

There also appended is a *Notice* under Article 4 of the Indian Military Service Family Pension Regulations and Article 8 of the Indian Military Widows and Orphaned Sons Regulations. These Articles will now read as follows:—

"4. The pensions provided under these regulations are payable in money. Payments are made in India monthly and in England quarterly on or after 1st January, 1st April, 1st July, and 1st October.

"Pensioners residing abroad shall receive payment either from the Assistant-Comptroller, (Civil Office, or at the option, if resident in any of the British Colonies or Dependencies, through such other channel as may have been in time authorized by the Secretary of State for India in Council for the payment of pensions therein. A pensioner residing overseas finally will receive payment at the current rate of exchange.

"Pensioners residing in India may, however, at their option, receive payment in that country in rupees at the current rate of exchange. Provided that—

"(a) Pensioners who were residing overseas in India prior to the 1st February 1921, or who are dependent of subscribers in the service on that date, and who succeeded or shall succeed to receive payment in India after that date, shall, as long as they are in India and have their permanent residence there, receive payment at a rate not less favourable than is at the option.

"(b) Pensioners who were admitted to pension before the 1st February 1921, or who are dependent of subscribers in the service on that date, and who succeeded or shall succeed to receive payment in India after that date, shall, as long as they are in India and have their permanent residence there, receive payment at a rate not less favourable than is at the option.

"(c) A pensioner who has exercised the option and receives payment in India is only permitted to change at the commencement of an official year."

2. I request that this Dispatch with its enclosure may be published in the Gazette of India.

I have the honour to be,

My Lord,

Your Lordship's most obedient humble servant,

(Signed) HARRISON.

No. F-12 (50) F.12.—The following report on the working of the Provincial Loans Fund during 1926-27 is published for general information.

2. The accounts of the Provincial Loans Fund for 1926-27, as audited and published by the Auditor-General, are printed as an appendix to this report. The balance of the Fund on the 1st April 1926 was Rs. 2,029,308. The advances made by the Government of India to the Provincial Loans Fund during the year amounted to Rs. 4,30,79,000 which were repaid by Provincial Governments to the Fund amounting to Rs. 2,61,67,518, bringing the total capital available to the Fund to Rs. 3,89,32,350. The Fund, as a whole, worked from the income account a sum of Rs. 1,25,598 being the surplus in that

account during the year. A sum of Rs. 7,28,95,000 was advanced to the Provincial Governments and at the end of the year the balance in the Fund stood at Rs. 11,697.

3. Of the advance of Rs. 7,28,95,000 a sum of Rs. 4,30,79,000 was for productive purposes and the balance of Rs. 2,98,15,000 was for other purposes.

4. The total capital liabilities of the Provincial Governments due to the Provincial Loans Fund and outstanding on the 31st March 1927 amounted to Rs. 1,39,17,20,221 made up as follows:—

Pro-Before Liquidation Debt	Rs.
Balance of liabilities brought forward from the pro-Before Liquidation Loans	42,90,21,419
Amount	38,28,592
Other advances	32,48,39,404

5. No loans were raised by Provincial Governments in the open market during the year.

6. The cost to the Government of India of any borrowing in 1926-27 was 4½ per cent, and this rate was charged by the Government of India for advances to the Fund, while that charged by the Fund to its clients was fixed at 6 per cent for advances for productive purposes and 1½ per cent for advances for other purposes.

7. The total amount of interest paid by Provincial Governments to the Fund during the year was Rs. 5,39,12,926, and that paid by the Fund in respect of interest due to the Government of India Rs. 6,34,68,427, the net result being a surplus of Rs. 1,22,55,501 which was transferred to the capital account as mentioned above. It was pointed out in last year's report that, owing to the capital receipts of the Fund not being fully utilized, there was a small deficit in the Income Account in 1925-26 and that the programme of advances would in future be so regulated as to clear up any deficit. The working of the Fund in 1926-27 left a small margin of profit after covering the loss in the Income account.

8. The total debt of the Provincial Governments on 1st April 1926, including pre-1914 obligations, debt, but including loans borrowed in the open market, was Rs. 14,83,31,550. The appropriations from revenue during the year for reduction or avoidance of debt, made by the various Provincial Governments, amounted to Rs. 28,39,334. The Provincial Governments who had borrowed from sources other than the Fund actually paid during the year out of their ordinary revenues higher sums than those contemplated in paragraph 3 of the Resolution in the Department. No. D-2254-V, dated the 21st March 1926. The question of making repayments made under paragraph 15 of this Resolution is engaging the attention of the Government of India.

9. It was decided during the year, with the approval of the Secretary of State in Council, to amend paragraph 4 of the Resolution referred to above, and the paragraph now runs as follows:—

"4. The rate of interest charged by the Government of India on advances to the Fund, which represent capital liabilities transferred to it in accordance with paragraph 3, will be the same as the rate at which interest would have been paid to the Government of India by the Provincial Governments but for the subsidization of the Fund. The rate charged on further advances to the Fund will, however, be determined on the basis of the cost of any borrowing to the Government of India from the public."

This amendment was necessary in order to make the rate subsidizing rates of interest uniform clearly and precisely in the provisions of paragraph 4 of the Resolution which lays down that the terms already arranged between the Government of India and the

Provision is made in any advance mentioned prior to the constitution of the Fund shall not be modified or affected in any way.

10. In 1921 the Government of India had occasion to consider the question of the power of representative assemblies by Provincial Governments in respect of the expenditure of funds advanced as advances from the Provincial Loans Fund, this being the consequence of a ruling by audit that moneys borrowed for particular works, projects, schemes or purposes should not be diverted to other works, etc., without the permission of the authority which sanctioned the advances. It was held by the Government of India, with the concurrence of the Auditor General, that Provincial Governments may exercise full powers of re-appropriation in respect of such expenditure subject to the following limitations:—

(1) Moneys borrowed for productive purposes shall not be diverted to other purposes.

(2) Moneys borrowed on special terms for specific schemes shall not be diverted to any other purpose.

The procedure for dealing with diversion of borrowed funds otherwise than as indicated above is under separate consideration.

11. During 1924-25 the Government of India were able to fund at a lower rate of interest the short-term Bonds issued by them in 1921-2, and it was decided, as a special case, to pay on the Provincial Government, when borrowings in 1924-25 had been met in part from the proceeds of the Bonds in question, a share in the reduction of interest charges. With effect, therefore, from the 1st April 1925 the rate of interest payable by the Provincial Loans

Fund on advances granted to Provincial Governments in 1921-22 and outstanding on the 1st April 1925 was reduced from 4½ per cent to 4½ per cent. Similarly, the rate of interest payable by Provincial Governments to the Provincial Loans Fund on the balance of advances taken in 1921-22 was also reduced to 4½ per cent from the 1st April 1925.

12. The Government of Bombay have not as yet submitted their final scheme of repayment in respect of the advances granted to them but every effort is being made to expedite a settlement.

The funeral caskets of the poor are charged at half and school, religious and a pile per casket, as funeral bedding and the short distance charge of a pile per casket is then added for distances of more than 10 miles. In the case of a coffin, the funeral rule will come into effect from the 1st June 1925.
